Dear Professor Lardy,

STAT I want to thank you again for taking the time to join our symposium on China. I thoroughly enjoyed my brief participation with all of you and only wish it could have been longer.

May I say again how interested I am in increasing the amount of contact between the CIA and academia through conferences, consultations, and exchanges of personnel. If you ever have any thoughts on how we can do this better or of individuals who might enjoy spending a year or more with us in the Agency, I would be very grateful for your suggestions.

In the meantime, I hope we will have an opportunity to get together again one of these days.

Yours sincerely,
